#3 Victoria Gardens 8/1

I don't believe that the favourite is likely to win in this race so I will be searching for value and I deciding to choose a good priced horse which is #3 VICTORIA GARDENS. 1st time on the turf today after racing decently on the tapeta and the breeding does suggest that she will like it. Does drop in class and the trainer does good (17%) with horses getting 2nd time Lasix. Has been working pretty well in the A.M and hopes all these positives add up to make it a big score tonight.
